

Free Home Energy Efficiency Improvement Seminar

Green Needham Collaborative Announces Free Home Energy Efficiency Improvement Seminar

The Green Needham Collaborative, in cooperation with the League of Women Voters of Needham Climate Action Committee, the Needham Council on Aging, and Needham Opportunities, Inc., will be offering a free, 90-minute seminar on improving home energy efficiency. The seminar will feature presentations by local industry experts that will inform Needham residents on how to take advantage of the many opportunities now available to reduce their home energy use, save money, and increase their comfort and the value of their homes.

Detailed information on how to go about identifying and implementing appropriate home energy efficiency improvements will be offered. Topics will include:

- Home energy audits and what they tell you
- Home heating – when to replace older systems
- Insulation & air sealing – deciding what you need
- Financing – selecting among options
- Incentives – taking advantage of energy efficiency improvement rebates and tax credits

An in-depth question and answer session will follow the presentations.

Date: **Thursday, October 1, 2009**

Time: **5:00 – 6:30 P.M.**

Location: **Broadmeadow Elementary School Performance Center, 120 Broadmeadow Road**

Light refreshments will be served.
