

**Good Environmental
Stewardship is
Good Stewardship**

St. James Church, Cambridge, MA significantly lowered its costs after implementing recommendations in the Environmental Stewardship Assessment conducted by MIP&L:

Actions:

- Upgrade heating system to a 92% efficient, multi-zone system
- Install programmable thermostats
- Switch incandescent lighting to compact fluorescent

Results:

- Saving over \$20,000 annually in utility costs
- Reduced electric use 20%
- Reduced carbon footprint by 50%
